The Analysis Report

The screenshot displays the 'Analysis Report' interface. At the top, it shows a navigation bar with 'BACK TO ANALYSIS OVERVIEW', a refresh icon, a download icon, a help icon, and a 'PROFILE' dropdown. Below this, the file name '18_Duncan_Phyfe.pdf' and a similarity percentage of '34%' are shown. The main content area is divided into three tabs: 'FINDINGS' (selected), 'SOURCES', and 'ENTIRE DOCUMENT'. Under 'FINDINGS', there are three toggle switches: 'Quotes' (checked), 'Brackets' (checked), and 'Detailed text differences' (checked). The main comparison area shows a 'SUBMITTED DOCUMENT' on the left and 'MATCHING TEXT' on the right. The submitted document text is 'advertised himself simply as a "joiner". In 1790, Duncan moved to the city of New York where he once again'. The matching text is 'advertised himself simply as a "joiner". Upon reaching the age of majority in 1790, Duncan moved to the city of New York where he once again'. A source is listed below the matching text: 'W discoverypub.com', 'Fetched: 2021-03-29T12:47:00', and 'Url: https://discoverypub.com/feature/2011_01.html'. At the bottom, there are navigation buttons for 'PREVIOUS HIGHLIGHT' and 'NEXT HIGHLIGHT'.

The over all percentage has lowered from 64% to 34% by carrying out this action.

When you submit a 2nd time in my report it will show these areas as referenced and I can then check that they are referenced correctly.

URKBOT'S PRO TIPS

This document has an overall similarity index of 34% but contains several text blocks that match one single source. For this reason we suggest you take a careful look at this analysis to determine why only one source has been used.

< PREVIOUS **NEXT >**

The report now shows how much of the work comes from where.

The software also detects any anomalies for when people try to cheat the system such as inserting white full stops into a sentence to break up the sentence.
